

Twinsburg Stamping Employee Transition Awareness

The UAW - Chrysler National Training Center will provide Employee Transition Awareness sessions for the employees of Twinsburg Stamping beginning March 15, 2010. The Awareness Session, *Dealing with Change*, is about one (1) hour long and will address many of the stressful issues that may impact you as the closing of our facility draws near.

The Awareness Session is not counseling or therapy, but an opportunity to learn that the stressful reactions that you may be experiencing are very normal reactions to a very abnormal situation. It will help you understand these reactions, and will provide you with coping mechanisms to deal with them effectively.

The UAW representatives and management of Twinsburg Stamping highly recommend that you take advantage of this Awareness Session to make this time of transition less stressful. Do it for yourself, and do it for your family.

Your UAW representatives will be circulating sign-up sheets to assist you in scheduling a time to attend. Please, sign-up and take advantage of this opportunity.

If you are interested in attending an Employee Transition Awareness session, please come to the E.A.P. Office (next door to the Benefits Office) to sign up. If you have any questions please call 330-487-2661.
